16. NOTICE OF MOTION

16.1 A motion for the lands located at 1707 – 1725 Barbertown Road to be classified as a Class 4 area pursuant to the NPC-300 (Councillor Starr) (CONSENT)

RESOLUTION 0066-2021

Moved By Councillor S. McFadden

Seconded By Councillor R. Starr

Whereas applications for plan of subdivision, official plan amendment and zoning by-law amendment were submitted by Barbertown Ventures Inc. (“applicant”) on January 27, 2017 for lands municipally known as 1707 – 1725 Barbertown Road (“subject lands”) to permit 96 townhomes under Files Nos. OZ 17/002 W6 and T-M17001 W6;

And whereas the City of Mississauga approved applications for plan of subdivision, official plan amendment and zoning by-law amendment to permit 75 freehold townhomes on the subject land on October 23, 2019;

And whereas Council’s decision to approve the official plan amendment and zoning by-law amendment on the subject lands were appealed to the Local Planning Appeal Tribunal (“LPAT”) by an adjacent land owner (ADM Agri-Industries - “Appellant”) on November 21, 2019 on the basis of land use compatibility concerns including concerns with negative noise concerns between the proposed residential use and their industrial use;

And whereas the City has been informed orally that ADM Agri-Industries and Barbertown Ventures Inc. have reached a settlement on the LPAT appeals and apparently, this settlement is contingent upon the subject property being classified as a Class 4 area

pursuant to the Provincial Environmental Noise Guideline – Stationary and Transportation Sources – Approval and Planning (“NPC-300”);

And whereas A Class 4 classification allows for higher sound level limit relative to a Class 1 area, up to 5 decibels (dBA) in outdoor areas and up to 10 dBA at window panes (plane of window), in recognition of the incorporation of air conditioning and upgraded windows in the applicant’s development;

And whereas in this case, because the Class 4 classification only applies to the applicant’s lands and therefore does not have the effect of permitting ADM to exceed the lower Class 1 sound level limit as it relates to existing residential development in the vicinity of ADM;

And whereas Mississauga Official Plan contains policies with criteria for establishing Class 4 classifications;

And whereas in order to facilitate a potential LPAT appeal settlement, Council’s approval of the Class 4 area classification has been requested by the applicant and appellant pursuant to the NPC-300; and

Therefore be it resolved that the subject lands (1707 – 7125 Barbertown Road) be classified as a Class 4 area pursuant to the NPC-300.

RESOLUTION 0069-2021

Moved By Councillor C. Parrish

Seconded By Councillor G. Carlson

WHEREAS COVID-19 variants are attacking younger victims - many of whom are essential workers;

WHEREAS it has been known for months that essential workers in warehouses, manufacturing facilities, logistic companies and packaging companies are a source of spread that is not being addressed by lockdowns or age-related vaccine distribution;

WHEREAS essential employees, working shoulder to shoulder, and multi-contact front line workers - often those without sick leave which would allow them to self-isolate at the onset of symptoms are contacting infection in their workplaces;

WHEREAS essential workers are spreading COVID variants in multi-generational households - family members who are initially asymptomatic then spread disease in schools and other public places;

WHEREAS vaccinating by age group is methodical but is not stopping the spread of COVID-19 and its variants effectively.

THEREFORE BE IT RESOLVED:

The City of Mississauga Council support the Region of Peel's outfitting mobile vaccination units to go into high infection workplace sites in Caledon, Brampton and Mississauga to vaccinate all workers wanting to be vaccinated, regardless of age, necessitating only a 20 minute pause in their productivity; and further

That the mobile program include those employed in schools, transit workers and other essential workers exposed to multiple human contacts, again regardless of age.
