
ADDITIONAL AGENDA

Stormwater Advisory Committee

Date: July 14, 2025
Time: 1:00 PM
Location: Council Chambers, Civic Centre, 2nd Floor
300 City Centre Drive, Mississauga, Ontario, L5B 3C1
and Online Video Conference

Members

Chair and Councillor Chris Fonseca	Ward 3
Vice-Chair and Councillor Stephen Dasko	Ward 1
Councillor Natalie Hart	Ward 5
Bernadeta Surowiec	Citizen Member
Mark Anthony Del Gobbo	Citizen Member
Mritunjay Mallik	Citizen Member
Pamela Sleightholm	Citizen Member
Paul Bunyard	Citizen Member
Mike Gaudet	Citizen Member

To Request to Speak on Agenda Items - Advance registration is required. To make a Deputation, please email Eglantina Bacaj-Gondia, Legislative Coordinator at eglantina.bacaj-gondia@mississauga.ca or call 905-615-3200 ext. 5378 **no later than July 10, 2025 before 4:00PM.**

Questions for Public Question Period - To pre-register for Public Question Period, questions may be provided to the Legislative Coordinator at least 24 hours in advance of the meeting. Following the preregistered questions, if time permits, the public may be given the opportunity to ask a question on an agenda item. Virtual participants must pre-register. Comments submitted will be considered as public information and entered into the public record.

Virtual Participation - All meetings of Stormwater Advisory Committee are streamed live and archived at [Mississauga.ca/videos](https://www.mississauga.ca/videos). To speak during the virtual meeting or if you do not have access to the internet, contact the Legislative Coordinator and you will be provided with directions on how to participate. Comments submitted will be considered as public information and entered into the public record.

City of Mississauga Memorandum

Revised
10.2

Date: 2025/07/03

To: Chair and Members of Stormwater Advisory Committee

From: Ashley Lyons
Consultant, Financial Policy & Research

Meeting Date: 2025/07/14

Subject: Stormwater Infrastructure Grant Applications

This memorandum highlights ongoing efforts to secure grant funding specifically for stormwater infrastructure projects from 2016 through June 30, 2025, enhancing the City's capacity to support resilient infrastructure.

Grant Overview

The City of Mississauga actively pursues grant funding to support the development and sustainability of critical infrastructure, including stormwater management systems. By securing external funding, the City can reduce the financial impact on taxpayers while advancing key priorities such as climate resilience, environmental protection, and infrastructure renewal.

This work is guided by the Grant Funding Management Policy (04-01-10) and the Delegated Authority By-law (0198-2014), which provide a structured and accountable framework for pursuing funding opportunities.

The Finance Division collaborates with Departmental staff to coordinate and prepare grant applications. This process involves collecting required project details, budgets, and documentation, often within tight timelines. A collaborative approach helps present strong submissions and positions the City to pursue external funding opportunities effectively.

Submitted Applications

Between 2016 and June 30, 2025, the City of Mississauga submitted eight stormwater infrastructure grant applications, as outlined in Appendix 1, resulting in approvals totaling \$34.11 million.

Funder Level	Approved		Pending		Declined	
	Submissions	\$	Submissions	\$	Submissions	\$
Federal	1	\$24.25M	1	\$5.14M	3	\$45.78M
Provincial	1	\$9.86M	1	\$24.38M	1	\$30.93M
Total	2	\$34.11M	2	\$29.51M	4	\$76.71M

Note:

1. Exclusions: This data does not include funding applications for non-infrastructure-related stormwater projects or operations (e.g., educational initiatives or student subsidies) or grant applications related to flooding submitted by other departments, such as Community Services – Parks, Forestry, and Environment Division).

Application Highlights:

- Federal
 - Canada Housing Infrastructure Fund
 - The City has received approval in principle of \$24.25 million, or up to 40% of total eligible costs to support the Reconstruction of Little Etobicoke Creek project. This includes the widening and deepening of the creek, as well as the reconstruction of the Dixie Road and Dundas Street bridges.
 - Funding of \$5.14 million has been requested for the Ninth Line Stormwater Management Facility. The application is pending a decision.
- Provincial
 - Municipal Housing Infrastructure Program – Health and Safety Water Stream
 - Funding of \$24.38 million has been requested for the Reconstruction of Little Etobicoke Creek project, covering only the widening and deepening of the creek. The application is pending a decision.

The City of Mississauga continues to pursue funding opportunities for vital stormwater infrastructure projects, with approved funding and pending applications representing substantial investments.
