7. OTHER BUSINESS

Jim Holmes, Chair inquired about the letter submitted regarding the Bellfry tower located at 6970 Second Line West. John Dunlop, Manager, Heritage Planning and Indigenous Relations advised that the bell was too heavy to be mounted in the new bell tower. Mr. Dunlop further advised he would discuss with the City museum to see if they could retain the bell.

Mr. Dunlop provided an update on the hall and advised that Parks staff will be removing plantings around the building once facilities completed the construction work. Mr. Dunlop noted that the planting around the side of the building would be replaced with sod for now. Mr. Dunlop also noted that the front planter on the sidewalk would remain in its current place.
