## Memorandum:

### City Department and Agency Comments

Date Finalized: 2021-07-08	File(s): A262.21 Ward: 1
To: Committee of Adjustment	
From: Committee of Adjustment Coordinator	Meeting date:2021-07-15 1:00 PM

## Consolidated Recommendation

The City recommends that the application be deferred.

## Application Details

The applicant requests the Committee to approve a minor variance to allow the construction of a new house proposing:

1. A lot coverage of 40.88% whereas By-law 0225-2007, as amended, permits a maximum lot coverage of 35.00% in this instance;
2. A side yard (westerly) of 1.21m (approx. 3.97ft) whereas By-law 0225-2007, as amended, requires a minimum of 1.81m (approx. 5.93ft) in this instance;
3. A side yard (easterly) of 1.20m (approx. 3.93ft) whereas By-law 0225-2007, as amended, requires a minimum of 1.81m (approx. 5.93ft) in this instance; and
4. A building height measured to the eaves of 6.42m (approx. 21.06ft) whereas By-law 0225-2007, as amended, permits a maximum building height measured to flat roof of 6.40m (approx. 20.99ft) in this instance.

## Background

**Property Address:** 928 Goodwin Road

### Mississauga Official Plan

Character Area: Lakeview Neighbourhood  
Designation: Residential Low Density II

### Zoning By-law 0225-2007

**Zoning:** R3-75 - Residential

### Site and Area Context

The subject property is located within the Lakeview Neighbourhood Character Area, southeast of Cawthra Road and Lakeshore Road East. The neighbourhood is entirely residential, consisting of one storey and newer two storey detached dwellings with mature vegetation. The subject property received provisional consent approval on October 31<sup>st</sup>, 2019 to sever the lot to create two new parcels for the purpose of developing detached dwellings.

The applicant is proposing a new two storey detached dwelling requiring variances related to lot coverage, side yard setbacks and eave height.

## Comments

### Planning

Section 45 of the *Planning Act* provides the Committee of Adjustment with the authority to grant relief from the requirements of a municipal zoning by-law. Approval of applications must meet the requirements set out under 45(1) and/or 45(2) (a) or (b) in the *Planning Act*.

Staff comments concerning the application are as follows:

The subject property received approval on October 31<sup>st</sup>, 2019 to permit the severance of the existing parcel, creating two new lots with frontages of 10.06m and lot areas of 454.90m<sup>2</sup>. Through

discussions with the Committee of Adjustment office, the conditions of provisional consent were not cleared within the one year period. A certificate of approval was never issued and the conditions would now be expired. As such, the applicant is required to submit a new consent application requesting provisional approval to sever the existing residential lot.

Based on the preceding information, staff recommends that the application be deferred in order to allow the applicant time to submit a consent application and reapply for the variances required for lot frontage and lot area, as well as the variances required for the detached dwelling.

## Conclusion

The Planning and Building Department recommends that the application be deferred.

## Appendices

### Appendix 1 – Transportation and Works Comments

We are noting for Committee's information that any Transportation and Works Department concerns/requirements for the proposed dwelling will be addressed through the future Building Permit process.

Comments Prepared by: John Salvino, Development Engineering Technologist

### Appendix 2 – Zoning Comments

The Building Department is not in receipt of any permit applications at this time and the applicant is advised that a zoning review has not been completed. We are unable to confirm the accuracy of the requested variance(s) or determine whether additional variance(s) may be required.

The applicant is advised that a completed zoning review may identify additional instances of zoning non-compliance. The applicant may consider applying for a preliminary zoning review application and submit working drawings for a detailed zoning review to be completed. A minimum of 6-8 weeks will be required to process a preliminary zoning review application depending on the complexity of the proposal and the detail of the information submitted.
