Appendix 2 – Zoning Comments

We have no objection to the consent application provided that the severed and retained lands comply with the provisions of Zoning By-law 0225-2007, as amended, with respect to, among other things, minimum lot frontage, minimum lot area, setbacks to the existing building(s), on site parking, etc., or alternatively, that any minor variance(s) is approved, final and binding and/or the demolition of any existing building(s) is complete.

We further advise that the proposed lot frontage is to be calculated in accordance with the following definition;

The applicant is advised that Lot Frontage means the horizontal distance between the side lot lines and where these lines are not parallel means the distance between the side lot lines measured on a line parallel to and 7.5 m back from the front lot line.
