Consolidated Recommendation

The City recommends that the Committee have regard for all comments and evidence provided by the Applicant and area residents when assessing if the application, as requested, meets the requirements of Section 45(1) of the Planning Act. The Applicant may wish to defer the application to ensure that all required variances have been accurately identified.

Application Details

The applicant requests the Committee to approve a minor variance to permit an outdoor clothing drop box on a property in a Residential Zone whereas By-law 0225-2007, as amended, only permits an outdoor clothing drop box in Commercial and Employment Zones.

Background

Property Address: 1022 & 1030 Greaves Avenue

Mississauga Official Plan

Character Area: Lakeview Neighbourhood
Designation: Residential High Density

Zoning By-law 0225-2007

Zoning: RA2-15 - Residential

Other Applications:

None

Site and Area Context

The subject property is located within the Lakeview Neighbourhood Character Area, on the southwest corner of Lakeshore Road and Greaves Avenue. The immediate area consists of a mix of one and two storey-detached dwellings and an institutional use to the immediate north, commercial uses along Lakeshore Road to the south, and a mix of industrial and commercial uses northeast of the subject property. The subject property contains an existing five-storey apartment building and two townhomes, with minimal vegetation in the front and side yards.

The applicant is seeking approval of a variance to permit an outdoor clothing drop box on apartment building's property.

Planning

Section 45 of the *Planning Act* provides the Committee of Adjustment with the authority to grant relief from the requirements of a municipal zoning by-law. Approval of applications must meet the requirements set out under 45(1) and/or 45(2) (a) or (b) in the *Planning Act*.

Staff comments concerning the application are as follows:

The subject property is located in the Lakeview Neighbourhood Character Area and is designated Residential High Density in Schedule 10 of the Mississauga Official Plan (MOP). The Residential High Density designation permits mixed-use, commercial, detached, semi-

detached, duplex and triplex dwellings, townhomes, apartments, condominium, and industrial uses.

The Region of Peel's Waste Management Division, on behalf of the Peel Housing Corporation (Peel Living), is applying for minor variances on 20 multi-residential properties, all of which are apartments, requesting that the City of Mississauga permit outdoor clothing drop boxes on properties zoned Residential, whereas Section 2.1.28 of the City's Zoning By-law only permits outdoor clothing drop boxes in Commercial and Employment Zones.

The By-law prohibits the location of these bins on properties zoned Residential and imposes a 6.0m (19.7ft) setback to lands zoned Residential in order to mitigate any potential impacts surrounding the use of the bin. In this instance staff note that the bin will appropriately service the residential use on the subject property, while maintaining an appropriate 6.0m (19.7ft) buffer to the adjoining Residential zone, thereby limiting impacts to abutting properties.

Furthermore the proposed bin is not located in any required landscaped area, required parking area, or obstructing any required parking spaces. The outdoor clothing drop box is appropriately screened from the streetscape, further minimizing potential impacts. Staff are of the opinion that the clothing drop box will not pose any negative impacts to the site, surrounding properties, or streetscape.

Staff are satisfied that the application is appropriate to be handled through the minor variance process. Further, the application raises no concerns of a planning nature.

Appendix 2 – Zoning Comments

The Building Department is not in receipt of any permit applications at this time and the applicant is advised that a zoning review has not been completed. We are unable to confirm the accuracy of the requested variance(s) or determine whether additional variance(s) may be required.

The applicant is advised that a completed zoning review may identify additional instances of zoning non-compliance. The applicant may consider applying for a preliminary zoning review application and submit working drawings for a detailed zoning review to be completed. A minimum of 6-8 weeks will be required to process a preliminary zoning review application depending on the complexity of the proposal and the detail of the information submitted.
