A Versatile Solution

- Vote Centers
- Precinct Poll Places
- Early Voting
- Election Day

Together with the ExpressPoll® electronic pollbook and ExpressVote® Printer, you can quickly check in voters and serve up to 15,000 different ballot styles. This means no more picking and pulling ballots or wasted pre-printed stock — voters get in and out faster.

CHECK IN → RECEIVE BALLOT → VOTE → TABULATE

EASY ELECTION MANAGEMENT

- Reduces costs by eliminating the need for printing and storing traditional pre-printed paper ballots.

- Simplifies post-election management because there are no unclear marks to adjudicate. Voters are prompted in real-time to address over/undervotes.

- Produces a voter-verifiable paper record that is scanned, tabulated and saved for auditing purposes.

- Prevents poll workers from giving voters the wrong ballot style since they don't need to pick and pull ballots.

- Maximizes your investment as it can be used many ways — in precincts and vote centers during early voting and on Election Day.

A GREAT EXPERIENCE FOR VOTERS

- Enables all eligible voters to make their selections privately and independently. It is a fully compliant Americans with Disabilities Act (ADA) voting solution.

- Improves voter confidence because the interface prompts them if they've under/overvoted a contest.

- Provides voters the opportunity to review their selections twice before tabulation — on the summary screen and on the printed card.

POLL WORKERS LOVE IT

- Shorter Election Day for poll workers — six steps to open and two to close so they don't need to arrive as early or stay as late.

- Small, lightweight and easy to move and store.

- No ink or to replace on Election Day.
