**17.5 – A by-law to amend Zoning By-law 0225-2007, as amended with respect to
Bicycle Parking Regulations (BL.01-PAR) PDC-0039-2022**

We are the solicitors for Camrost Felcorp, the owner of many prominent sites located in the City of Mississauga. We are writing to inform you that our client objects to the above noted proposed amendments to Zoning By-law 0225-2007 (the "**Proposed Zoning Amendments**"), for the following, among other, reasons.

Our client is concerned that the Proposed Zoning Amendments do not contain adequate transition provisions, which are critical to prevent prejudice to landowners or developers with development projects and applications that are already approved or underway.

We request that the undersigned be notified of any decisions respecting the above noted matters.

Sincerely,

Michael Foderick
