The shareholders of Enersource (“Shareholders”) are the Corporation of the City of Mississauga with a 90% share and BPC Energy Corporation (Borealis) with a 10% share.

Enersource is a company with its principal business activities being to hold the Shareholders’ equity interest in Alectra, receive dividends from Alectra, service its debt and distribute dividends to its shareholders annually.

BDO Canada LLP has been retained by Enersource for a five year contract, to June 2022, to provide accounting and financial reporting services.

KPMG LLP has been retained as Enersource’s auditor until December 31, 2024 which is aligned with the City’s contract with KPMG LLP. KPMG LLP completed the 2021 audit of Enersource Corporation. On April 29, 2022, the Audited Financial Statements and Audit Report were presented to the Enersource Board and were received and approved.

On May 16, 2022, the Audit Committee of the City of Mississauga, reviewed and received a report entitled, ‘2021 Audited Financial Statements’ which presented the consolidated financial statements of the City of Mississauga, plus other entities (Library board, BIA’s, Trust and Enersource).

For transparency purposes, it should be noted that Shari Lichterman, as signatory of this corporate report, is also the City-appointed CEO of Enersource.

## Comments

The shareholders’ agreement in place between the City of Mississauga, BPC Energy Corporation and Enersource Corporation dated January 31, 2017 requires the audited annual financial statements to be delivered to the shareholders of Enersource on an annual basis. It is a common approach to waive the Annual General Meeting (“AGM”) when there are no substantive matters requiring shareholder action and this has been the practice of Enersource Corporation for several years. Other than waiving the AGM, there are no other Enersource matters for the City to consider at this time.

The Ontario Business Corporations Act authorizes shareholders of a corporation to pass a shareholders’ resolution in lieu of holding an annual general meeting. The Board of Directors of Enersource is recommending that the City and Borealis exercise this option under the Shareholders’ Agreement.

The attached Consolidated Financial Statements of Enersource Corporation is a report card on the financial position, health and strength of Enersource Corporation. The accompanying annual consolidated financial statements have been prepared in accordance with International Financial Reporting Standards (‘IFRS’) as issued by the International Accounting Standards Board (‘IASB’). These financial statements have been prepared on a historical cost basis. The

financial statements provide information on the cost of all activities, reflecting the full nature and extent of the Enersource Corporation's financial affairs.

In the opinion of KPMG LLP, the consolidated financial statements present fairly, in all material respects, the consolidated financial statements of Enersource Corporation as of December 31, 2021, and its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with International Financial Reporting Standards.

## Conclusion

This report recommends waiving the Annual General Meeting of Enersource Corporation. The Enersource Corporation 2021 Audited Financial Statements identify no concerns.
