- The MTO has raised their billable rates by 4.4%. Fees for those incidents have been adjusted to reflect the increase.
- The anticipated increase resulting from the changes is approximately \$73,000.

## Background

By-Law 0247-2021, stipulates that Mississauga Fire & Emergency Services (MFES) establishes certain services where fees will be charged for the purposes of cost recovery. These fees and charges allow MFES to recover the costs of such things as labour and consumable materials for certain types of incidents. The 2023 Fees and Charges, if approved through this report, will be added into a new consolidated fees and charges by-law.

## Comments

The proposed fee changes to existing fees outlined in Appendix 1 have been adjusted to more accurately reflect the cost of delivering these specific services.

The fees charged for motor vehicle collisions and other specialty calls are based on the Ministry of Transportation (MTO) fee schedule. The MTO has raised their billable rates by 4.4%. Fees for those incidents have been adjusted to reflect the increase.

## Financial Impact

The increase in existing fees is based on cost recovery for service and an increase in the Ministry of Transportation rates. This is expected to result in an increase of approximately \$73,000 annually.

## Conclusion

The fee adjustments outlined in Appendix 1 are a result of a complete review of all MFES fees and charges. These adjustments have been made to address administrative costs and operational changes. It also provides MFES the ability to recovery costs and will reduce the impact on MFES resources and operating budget.
