

City of Mississauga Department Comments

Date Finalized: 2023-02-15	File(s): A746.22
To: Committee of Adjustment	Ward: 3
From: Committee of Adjustment Coordinator	Meeting date:2023-02-23 1:00:00 PM

Consolidated Recommendation

The City recommends that the application be refused.

Application Details

The applicant requests the Committee to approve a minor variance to allow an existing driveway with a width of 7.00m (approx. 22.97ft) whereas By-law 0225-2007, as amended, permits a maximum driveway width of 5.20m (approx. 17.06ft) in this instance.

Background

Property Address: 654 Dodsworth Cres

Mississauga Official Plan

Character Area: Applewood Neighbourhood
Designation: Residential Low Density II

Zoning By-law 0225-2007

Zoning: RM1- Residential

Other Applications: None

Site and Area Context

The subject property is located north-east of the Dundas Street East and Cawthra Road intersection in the Applewood neighbourhood. It currently contains a semi-detached bungalow with no garage. The property has a frontage of +/- 9m (29.5ft), which is characteristic of other semi-detached dwellings in the surrounding area. Some vegetative elements are present in the

The subject property is located in the Applewood Neighbourhood Character Area and is designated Residential Low Density II in Schedule 10 of the Mississauga Official Plan (MOP). Section 9.1 of the MOP states that driveway widths and associated setbacks should respect the identity and character of the surrounding context.

The applicant is proposing a driveway width of 7.0m (23ft). The planned character of the area is that of residential dwellings serviced by appropriately sized driveways that can accommodate the parking required by the zoning by-law for each property. The intent of the driveway width regulations in the by-law is to allow a driveway that can accommodate two vehicles parked side by side, with the remainder of the front yard being soft landscaped area. The proposed driveway would represent significant hardscaping in the front yard, contrary to the intent of the zoning by-law, and represents excessive width to facilitate the parking of two vehicles across.

Staff are of the opinion that, as currently proposed, the driveway does not meet the general intent or purpose of the zoning by-law and is not minor in nature. Staff therefore recommend that the application be refused.

Comments Prepared by: Alexander Davies, Committee of Adjustment Planner

Appendices

Appendix 1 – Transportation and Works Comments

This department notes that with regard to the widened driveway within the municipal boulevard (the area between the municipal curb and property line) we would request that this area be reinstated with topsoil and sod should the application be modified to reflect a smaller driveway width within the subject property or if the application is not supported by the Committee.

Comments Prepared by: Tony Iacobucci, Development Engineering Technologist

Appendix 2 – Zoning Comments

In the absence of a Development application we are unable to confirm the accuracy of the information provided, or determine whether additional variance(s) may be required. It should be noted that a zoning review has NOT been completed. The applicant is advised that should they choose to proceed without zoning verification, a full zoning review may result in further variances being required in the future.

For scope of work that does not require Site Plan Approval/Building Permit/Zoning Certificate of Occupancy Permit, the applicant may consider applying for a Preliminary Zoning Review application. A detailed site plan drawing and architectural plans are required for a detailed zoning review to be completed. A minimum of 6-8 weeks is required depending on the complexity of the proposal and the quality of information submitted.

Comments Prepared by: Brooke Herczeg, Zoning Examiner

Appendix 3 – Region of Peel

We have no comments or objections.
