Martha:

I am sorry to inform you after all we have gone through, I am going to decline the appointment to the MCAC. I sincerely appreciate being considered and eventually selected for the committee.

At present I am a member of Mississauga Cycling Now that works independent of the city towards improved, more, and safer cycling infrastructure.

In the past 4 years MCN has punched above our weight in delivering on our objectives. I was informed today I cannot continue to participate with MCN and at the same time sit on the MCAC. The MCN folks are an outstanding and knowledgeable group of passionate cyclists whom I truly enjoy working with. For that reason, I have made the choice to turn down the MCAC offer and remain with MCN.

Best regards

Glenn
