Subject: Bloor Street Project

The Council of the City of Mississauga.

We are now living in a new era. With high inflation, carbon tax, clean fuel regulation fee, and high mortgage interest rates, all of us have to live according to what we NEED as opposed to what we WANT.

How will spending millions of dollars on Bloor Street help the residents of the city NOW. In the future when demand has been shown then it would benefit people, but not now.

We do NOT NEED the Bloor makeover as a lot of people have indicated. It is NOT WANTED.

Please be heroes and cancel or postpone the project when money is more freely available.

Tom Toomver Ph.D.

Past President Applewood Hills Homeowners Association and
Member of Maja Prentice's Ward 3 Council.
