## Bill 23: What You Need to Know

Build 1.5 million homes, 120,000 in Mississauga, in 10 years.

Less funding to build affordable housing.

Less parkland and developers choose where parks go.

Sacrifice environment, heritage, and greenbelt lands.

Mississauga is ready to work with the Province and developers to get housing built, but property taxpayers shouldn't be on the hook for all the costs.

Take action

[mississauga.ca/Bill23](https://mississauga.ca/Bill23)

Tell your local MPP you don't want your tax dollars funding developer profits.

Collaboration from teams across 11 divisions to quickly overhaul and meet legislative requirements and changes to the planning process.
