Project Background:

- In March 2023, the City of Mississauga initiated the project under Part V of the Ontario Heritage Act.
- The study includes the historic downtown core, residential side streets, the Credit River valley, and adjacent areas.

- We are in the first phase of the study, where information provided to the consultants at the community meetings will feed into a report summarizing why the area is of cultural heritage value and identifying its heritage attributes.
- The second phase involves the development of policies and guidelines for change management of the area to retain and enhance its value.

Other ways to get involved and have your say include:

- Attend the second Community Meeting, tentatively scheduled on January 24, 2024.
- Send historic photos of buildings and places in Streetsville to Paula Wubbenhorst at paula.wubbehorst@mississauga.ca
