To: Committee of Adjustment	
From: Committee of Adjustment Coordinator	Meeting date:2023-11-09 1:00:00 PM

Consolidated Recommendation

The City has no objections to the application.

Application Details

The applicant requests the Committee to approve a minor variance to allow a below grade entrance proposing a side yard setback of 0.40m (approx. 1.31ft) whereas By-law 0225-2007, as amended, requires a minimum side yard setback of 1.20m (approx. 3.94ft) in this instance.

Background

Property Address: 7388 Glamorgan Way

Mississauga Official Plan

Character Area: Meadowvale Village Neighbourhood
Designation: Residential Low Density II

Zoning By-law 0225-2007

Zoning: R4-35- Residential

Other Applications: BP 23-9111

Site and Area Context

The subject property is located north of the Derry Road West and Bellshire Gate intersection in the Meadowvale Village Neighbourhood. It is an interior lot containing a two-storey detached dwelling with an attached garage. Limited landscaping/vegetative elements are present in both the front and rear yards. The property has an approximate area of +/- 416m² (4,477.79ft²),

characteristic of lots in the area. The surrounding context is predominantly residential, consisting of two-storey detached and semi-detached dwellings on similarly sized lots.

The applicant is proposing a below grade entrance for personal access requiring a variance for side yard setback.

Planning

Section 45 of the *Planning Act* provides the Committee of Adjustment with the authority to grant relief from the requirements of a municipal zoning by-law. Approval of applications must meet the requirements set out under 45(1) and/or 45(2) (a) or (b) in the *Planning Act*.

Staff comments concerning the application of the four tests to this minor variance request are as follows:

The subject property is located in the Meadowvale Village Neighbourhood Character Area and is designated Residential Low Density II in Schedule 10 of the Mississauga Official Plan (MOP).

The general intent of the side yard regulations in the by-law is to ensure that: an adequate buffer exists between the massing of primary structures on adjoining properties, appropriate drainage can be provided, and that access to the rear yard remains unencumbered. Staff note that the stairs do not create any additional massing that could impact abutting properties. Furthermore, Transportation & Works staff have raised no drainage concerns with the site and access to the rear yard is maintained on the opposite side of the dwelling.

Staff are therefore of the opinion that the application maintains the general intent and purpose of both the official plan and zoning by-law, is minor in nature, and represents appropriate development of the subject property.

Appendices

Appendix 1 – Transportation and Works Comments

Should Committee see merit in the applicant's request we would recommend that the existing drainage pattern in the area of the proposed below grade entrance be maintained. We note that the stairwell is being proposed in an area of the property where there will still be an adequate area (0.40M, 1.31ft) to maintain a drainage swale and not alter the existing drainage pattern.

Appendix 2 – Zoning Comments

The Building Department is processing Building Permit/Certificate of Occupancy/ Preliminary Zoning Review/Independent Zoning Review application 23-9111. Based on review of the information available in this application, we advise that the variances, as requested, are correct.

Please note that comments reflect those provided through the above application. These comments may no longer be valid should there be changes contained within this Committee of Adjustment application that have not been submitted and reviewed through the application noted above. The applicant must submit any changes and/or updates to information and/or drawings separately through the above application in order to receive updated comments.
