## The following information outlines the purpose of the petition:

### Purpose

At 3105 Unity Dr in Mississauga, squirrels / chipmunks are damaging vehicles of commercial tenants and their employees which has resulted in significant damage to our vehicles causing serious health, safety and financial issues. This matter has been brought to the attention of the Landlord who has yet to take effective action to address this ongoing issue. As business owners and employees in Mississauga, we expect to have a safe and secure work place, and this ongoing issue is unacceptable. It is not appropriate, effective, or possible to continuously file individual personal insurance claims to resolve the car damage issue if it is going to happen continuously.

### Asking Council For

City of Mississauga to modify any applicable by-laws and rules to allow for appropriate action to be taken to remedy the situation by removing the trees producing pine cones along the sidewalk next to Unity Dr; getting rid of the squirrels / chipmunks; or doing both. The Ontario Fish and Wildlife Conservation Act allows municipalities to take appropriate action where human-wildlife encounters are creating an ongoing conflict on municipal property or private property with the permission of the landowner. We, as Tenants, are not authorized to take any action in efforts to resolve this ongoing health, safety and financial issue. Please read attached Powerpoint presentation dated April 24, 2023.
