Name: Juston Ferreira

Address: 270 Chruch Street, Mississauga

Regarding address: 6, 10 and 12 Queen Street South, 16 James Street, and 2 William Street

I would like to express my perspective on the proposed development. While I acknowledge the necessity of increased density amid the housing crisis, my primary reservation lies with the depicted architectural style in the rendering. Streetsville stands as a distinctive village within our city, and I firmly advocate for a design that reflects its uniqueness. Given the strategic location at one of Streetsville's entrances, it is imperative that the architecture is not only distinctive but also resonates with the heritage of Streetsville, seamlessly complementing its surroundings. I appreciate your time and consideration on this matter.
