## The following information outlines the purpose of the petition:

### Purpose

The purpose of this petition is to cease any ongoing and future construction of the proposed change for address: 600-620 Lolita Gardens. As a community and collective, many residents are extremely concerned about the ongoing construction of this site, specifically the high volumes of traffic in a community that has historically been quiet and safe. We are a community that is mostly comprised of families, many of whom have small children. Respectfully, the safety implications, along with the noise pollution created by this project is not something that this community welcomes.

### Asking Council For

~Drawing on previous petitions to gain a holistic view of the above issues/ concerns  
~Making efforts to speak with members of the community to gain an understanding of our upset over this potential build  
~The ultimate rejection of this project, or perhaps an analysis of another project that would better suit the community needs (we are already a gentrified area that does not need more unaffordable housing).
