Planning

Section 45 of the *Planning Act* provides the Committee of Adjustment with the authority to grant relief from the requirements of a municipal zoning by-law. Approval of applications must meet the requirements set out under 45(1) and/or 45(2) (a) or (b) in the *Planning Act*.

Staff comments concerning the application are as follows:

The subject property is located in the Meadowvale Business Park Corporate Centre Character Area and is designated Business Employment in Schedule 10 of the Mississauga Official Plan (MOP). The subject property was subject to an approved official plan amendment application in 2005 under file OZ/OPA 5 39, which converted the Business Employment lands designation to General Commercial. The property falls under exempt site 1 in the Meadowvale Business Park Corporate Centre Character Area, specifically under Section 15.4.4 of the official plan. Section 15.4.4.1.2 states that all forms of general commercial uses will be permitted, except motor vehicle commercial uses, notwithstanding the provisions of the Business Employment designation on this site. Both a retail store and a restaurant are permitted.

Staff note that the proposed grocery store was approved under Site Plan Approval Express file SPAX 23-29 in May 2023. The sole requested variance pertains to proposed seating for food sales accessory to the grocery store.

The site-specific E1-4 zone permits both a retail store and a restaurant. Staff are satisfied that the proposed variance does not change the permitted uses on site. Staff are of the opinion that the proposal is clearly accessory to a permitted retail use on the subject property and does not pose any negative impacts.

Through a detailed review of the application, staff are of the opinion that the application is appropriate to be handled through the minor variance process. Further, the application raises no concerns of a planning nature.

It should be noted that a zoning review has not been completed.

The applicant is advised that should they choose to proceed without zoning verification, a full zoning review may result in further variances being required in the future.
