

# **PETITION FROM THE COLLEGEWAY (east end) RE: BIKE LANES**

Please find attached a Petition (46 pages [not all pages are full] with 370 signatures) signed by residents, visitors and employees of the community at the east end of The Collegeway – between South Millway and Mississauga Road, delivered to City Hall on September 14, 2020. An earlier Petition, with 594 signatures, was submitted on December 20, 2019, but that petition was rejected because “the proper petition form” was not used. (The current number would have been significantly higher, but due to COVID-19 restrictions, the parents of students at École Élémentaire Catholique Saint-Jean-Baptiste on Broad Hollow Gate, who signed the original, could not be polled, nor could the customers and employees of Glenerin Inn.)

Our community is comprised of condominiums (high rises and townhouses), businesses and a school. Proposed changes would not only be a major inconvenience to residents but also pose real safety issues, putting both pedestrians and motorists at risk. We all depend, periodically, on having street parking granted to us by the City of Mississauga. The need for street parking occurs whenever our underground parking garages need to be emptied to provide services such as power washing and garage surface repairs, or for special events at the school or the Inn. In addition, parking permits are requested whenever there are special occasions such as weddings, anniversaries, Christmas, Mothers’ Day, graduations, celebration of life and so on, when the many guests/visitors must use street parking as indoor parking spaces are insufficient.

A letter from us was sent to Mayor Crombie on August 2, 2019. It specifically voiced our concerns for the proposed reduction to two lanes of traffic with on-road separated bicycle lanes for The Collegeway. A follow-up response from Councillor Mahoney advised that, based on feedback further evaluation was being done, and that Alternative 4 (off road cycle tracks in the boulevard) was also being considered.

The undersigned hereby petition the City of Mississauga to maintain the status quo - that is to say, no changes at all with regard to bike lanes on the east part of The Collegeway, for the following reasons:

- The availability of street parking would be completely removed;
- Heavy traffic volume at school drop-off and pick-up times would be made worse;
- Frequent overflow parking on the street from the Glenerin Inn would be removed;
- Access and egress (both vehicular and pedestrian) to all properties at 1675, 1695, 1700, 1800, 1900 and 2000 The Collegeway would be adversely impacted particularly at ‘rush hours’;
- The ability to cross the street, to catch a MiWay bus for example, would be even more difficult than it is at present. There would be two sets of curbs to navigate and even more dense traffic when two lanes in each direction are reduced to one;
- Increased danger of collision to the local wildlife (e.g. deer) with increased traffic density;
- Snow removal would be extremely difficult and insufficient;
- Alternative 4 would necessitate the removal of trees on the boulevards, resulting in a negative impact on the environment;
- Alternative 4 would be problematical for resident pedestrians, many of whom are seniors and who may use mobility assistive devices;
- There already exists a trail/bike path in the woods just to the north side of The Collegeway. It has been observed that there are more bikes on these trails than on The Collegeway itself.
- There is a marked lane currently on each side of The Collegeway designated by signs as a Bike Route which seems perfectly adequate for the small numbers of cyclists who use this part of the street.

Anne Malinauskas,  
Past President PSCC671 (1900 The Collegeway)

Petition Organizer Name: Peter Marciano

To: The Mayor and Members of Council

Subject of Petition: **BICYCLE LANE****PROPOSALS****THE COLLEGEWAY MISSISSAUGA**

We, the undersigned, hereby submit this petition for Council's consideration for the purpose of: To disregard the proposal to have **designated bike lanes** on The Collegeway (between South Millway and Mississauga Road).

We wish to maintain **the status quo**, with **no changes** to the current street configuration. Details of our objection have been communicated to both Mayor Crombie and Councillor Mahoney on several occasions.
