## The following information outlines the purpose of the petition:

### Purpose

To modify the application (OZ/OPA 24-3 W2) for development by Dunpar Homes for the 2620 Chalkwell Close (former site of Elmcrest Public School) that proposes 180 medium-density back-to-back townhouses at a height of 59.12 ft and 402 parking spaces, with Chalkwell Close being the only street for access, almost doubling the current housing and population around Sandgate Park.

### Asking Council For

The preservation of the current zoning (R2-Residential Low Density II) at 2620 Chalkwell Close (former Elmcrest Public School site) instead of the proposed RM11-Residential Medium density zoning and to consider our concerns of the height of the townhomes; the volume of people & traffic affecting Chalkwell Cl, Karenza Rd, Sandgate Cres, Vey Rd, Benedet Dr, Truscott Dr; the school zone safety impact at Kelly Rd & Truscott Rd; and impact on transit, fire safety, and the environment of the Park Royal community.
