WHEREAS during the 2018-2022 term, Council passed a motion put forward by Councillor Parrish to allocate \$2 million of Federal Gas Tax revenue to Ward projects as determined by the local Councillor;

AND WHEREAS each Councillor knows his or her community best and is therefore uniquely aware of potential projects within local communities;

AND WHEREAS each Councillor is therefore able to prioritise potential projects within an individual Ward, understanding which will meet the needs of the widest cross-section of their community;

AND WHEREAS there is always a need for local, publicly-accessible facilities and amenities that may not be a priority for the City as a whole;

AND WHEREAS advancement of these local projects, to take advantage of the 2025 construction season, would be beneficial to the community;

THEREFORE BE IT RESOLVED THAT:

1. A fund of \$1 million per ward be assigned as soon as is feasible, funded from the Tax Capital Reserve, to be used at the discretion of each local Councillor, who shall adhere to the following guidelines in assigning funds to projects:
2. Capital projects currently unfunded or underfunded in the 2024-2025 budgets;
3. Projects that can be completed, or close to completion, by the end of this Council term; at which time unused funds will be returned to general revenue;
4. Projects that fall into the generally accepted categories of federal or provincial infrastructure programs such as recreation, tourism, transit, etc.;
5. The projects recommended in each ward be presented at a regular Council meeting for information and accounting purposes.
