Dear Mayor Parrish:

I am pleased to inform you that your Expression of Interest application for the Baseline Funding stream of the Canada Public Transit Fund has been reviewed and The Corporation of the City of Mississauga has been deemed an eligible recipient for Baseline Funding by Housing, Infrastructure and Communities Canada (HICC).

Following the closure of the Expression of Interest intake process, HICC will provide all eligible applicants with a notional funding allocation and invite them to submit a Capital Plan application.

More information on the Capital Plan application will be provided shortly. Please note that projects contained within the Capital Plan application may be subject to environmental assessment and Indigenous consultation requirements, climate resilience and greenhouse gas assessments, and housing conditions.

Additionally, for the purpose of reimbursement, eligible project costs, as determined under the terms and conditions of the Canada Public Transit Fund, must be incurred after approval-in-principle of the Capital Plan application, which will take place following the next phase of the application process. Costs incurred outside this timeframe will be deemed ineligible, with the exception of certain costs related to non-capital components, which may be eligible before approval.

Together, we will work to ensure that infrastructure plays a vital role in promoting economic growth, job creation, and improving our quality of life in the coming months and years.

Thank you for your application, and congratulations.

Please accept my best regards.
