

# **APPENDIX A:**

Heritage Impact Assessment dated January 27, 2023

# APPENDIX B:

## Full Block Redevelopment & Land Swap: Change in Property Boundaries

# APPENDIX C:

## Proposed Site Plan

● TREES TO BE EXCLUDED FROM THE DESIGNATED HERITAGE PROPERTIES

(TO BE LOCATED IN THE PARK, OR IN THE HURONTARIO RIGHT-OF-WAY)

# APPENDIX D:

## Proposed Alterations at 90 High St E

# APPENDIX E:

## 90 High St E: Impact Mitigation Strategy

City of Mississauga encouraged to retain built elements (stone pillars and garage) in their original locations (for as long as possible, depending on future Hurontario expansion) to retain a sense of the site's estate-like context via its outbuildings / landscape elements.

Low, planted property boundary to maintain lawn-like setting, visibility of house, and legibility of original orientation to High St

All live mature trees to be retained in south public park or Hurontario right-of-way, retaining a sense of their contribution to the 90 High St lawn.

Legibility of original High St entrance to be conserved via retention of flanking trees at entrance
