Dear Martha

I am the resident in [REDACTED] Streetsville. I recently got the letter regarding HCD proposal.

I am so anxious. Our family will not agree this proposal. our family will reject this proposal.

Since it is totally affect our property value in the future.

The proposal is showing un-practical way for the remediation or restore the existing building.

It is such an infringement of personal property rights.

we are zero tolerance on this proposal...

Regards

**Zhiqiang Cao & family**
