

Petition for Traffic Calming Measures  
on Cedarglen Gate (between Dundas  
St W and Parmeer Dr)

By: Nishant Dasgupta, Resident

# Vision ZERO

“In 2018, the City of Mississauga officially committed to Vision Zero through a Council-approved motion. That means city staff and elected officials are working toward a goal of **Zero fatalities and serious injuries from collisions on city streets.**”

“The Vision Zero approach acknowledges that people make mistakes and that **the transportation system needs to be designed and operated in a way that mitigates the negative impacts of human error.** To do this, the Vision Zero approach relies on data-driven decision making to **provide a safe and equitable transportation network that protects all users, with specific emphasis on the most vulnerable users of our roads like pedestrians and cyclists.**”

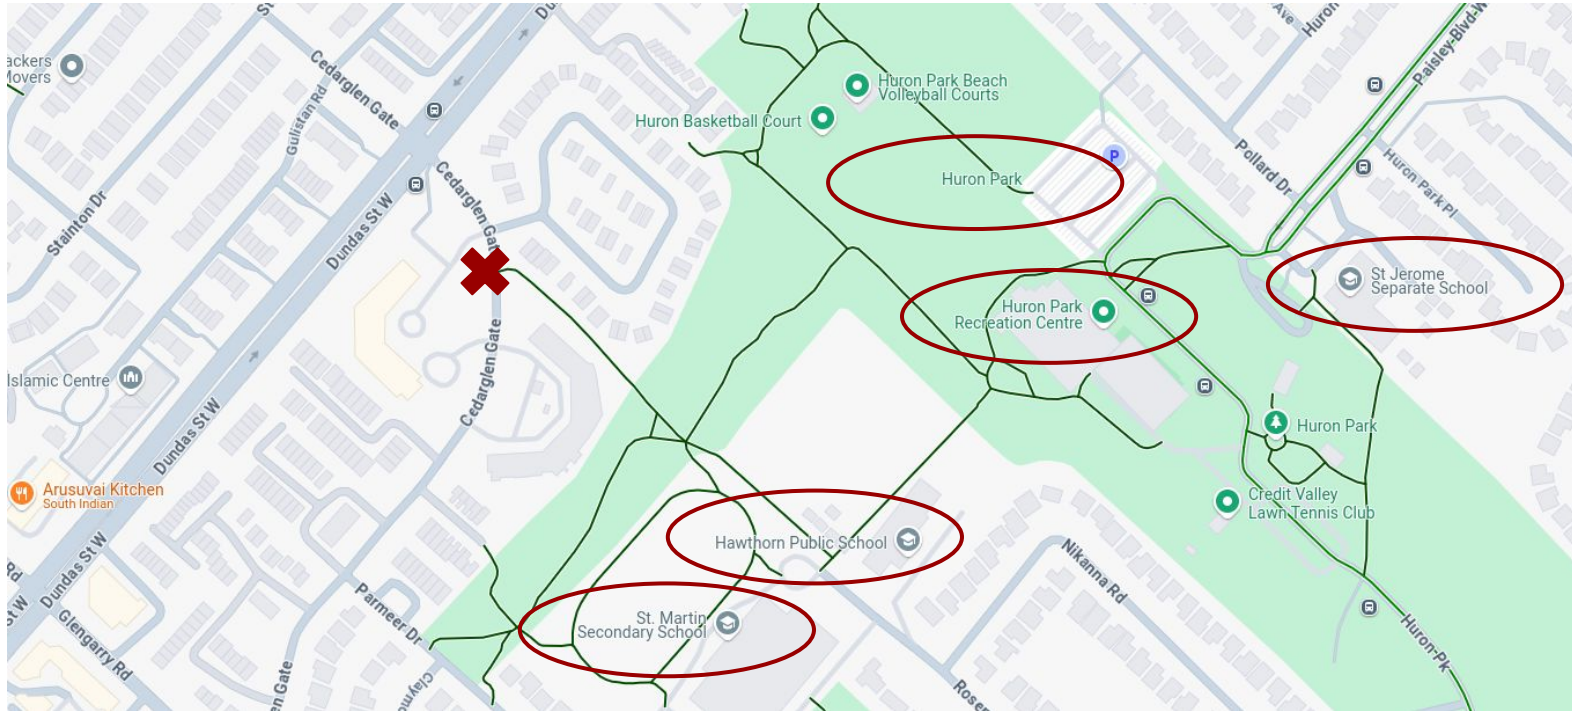

# Vision ZERO

**“The essence of Vision Zero is not a nice sentiment or a target. It is, rather, the action of continuously and preemptively removing the very possibility of violence (and that means serious injury as well as death) from our transportation systems. True Vision Zero systems prioritize the safe passage of our most vulnerable populations, whether they are walking or using any number of light mobility devices from bicycles to wheelchairs.”**

## Current state at Cedarglen Gate

- The street provides access to schools, parks and community center through a pedestrian walkway
- Residents, with their kids and pets, cross the street without dedicated pedestrian crossing or signage
- Presence of high speed vehicular traffic on the street
- Curved nature of the street makes it difficult to see approaching vehicles at a distance
- **Combined, these lead to a potentially hazardous situation**

# Many schools and parks in the neighbourhood ...

Source: <https://www.google.com/maps>

# ... and expectation to access them amidst moving traffic

## Am I Eligible for School Bus Transportation?

<b>Street Number</b> 1021	<b>Street Name</b> CEDARGLEN GATE	<b>Municipality</b> MISSISSAUGA
<b>District</b> Peel District School Board		<b>Grade</b> Junior Kindergarten
		<b>Program</b> --Select--
<input type="button" value="New Search"/> <input type="button" value="Submit"/>		

### School

**HAWTHORN** 🏡

You are **NOT** eligible for transportation

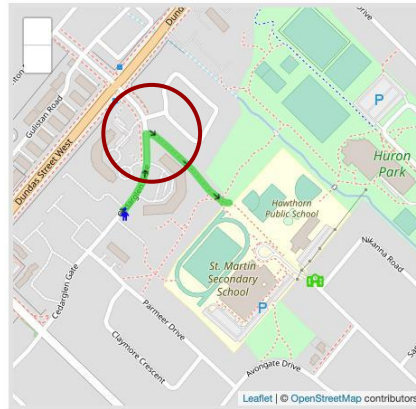

Walking Directions are as follows

Start At CEDARGLEN GATE for 157.32 m

Turn right onto WALKWAY for 212.37 m

Arrival at WALKWAY

Total Distance 369.69 m

If publicly funded organizations expect pedestrians to cross the street here, then provide a safe way to do it

# The petition

Implement traffic calming measures on Cedarglen Gate, namely:

- **Speed reduction**: Protected pedestrian crossings, speed bumps or speed cushions, in order to reduce vehicular speeds and allow pedestrians to cross the street safely
- **Improved signage**: Permanent pedestrian / student crossing, school zone, and speed limit signs at key locations
- **Enforcement**: Penalize errant drivers to discourage speeding and unsafe driving on the street

Thank you
