Hi Denna

Perfect. I had already sent the request to Megan for the signage review, why and that you would report back to TSC on what work was necessary.

Megan can add your response to the item on the agenda.

Thanks.

Hi Sheelagh,

I am not sure what the official procedure is to report back to TSC. Can you tell me if my email to Megan would suffice?

Thank you,

Denna

Hi Megan,

In response to the action items that were referred to the Transportation and Works Department for review, City staff provides the following comments:

A comprehensive review was completed on Ogden Avenue to determine if the subject roadway requires additional signage.

The review revealed several sign deficiencies in the vicinity of the three schools on Ogden Avenue.

A limited amount of sign deficiencies require utility locates (stakeouts) in order to

accommodate the request; which will delay signage installation. The signage that can be installed on existing posts will be arranged to be completed more rapidly.

Should you have any questions, comments or concerns; please contact me at your convenience.

Thank you,

Hi Megan,

Would you kindly add this item to the TSC agenda for November 25 for information.

Thank you.

Hello everyone,
 Many thanks for all of your support in helping to make this a safer
 experience for the students at AAM!
 I am looking forward to working with you.
 Sincerely,
 Jennifer

Hi Max,

As per the email below, the Principal of Allan A Martin SR PS, Jennifer Elrefaie, has requested assistance with traffic issues at the school. Dave Marcotte will attend to the Kiss and Ride issues but forwarded the on street safety concerns to Peter Westbrook, Chair of the Traffic Safety Council. Peter has been out to the school and has noticed signage deficiencies. Traffic Safety could schedule a site inspection but the recommendation would be that T & W review the signage in the school zones on Ogden Avenue in front of all 3 schools and install no u turn signage in front of Allan A.

Martin SR PS in order that Police enforcement can be requested. Considering the time of year and that stakeouts might be required for some of the signs, would you kindly have someone review the signage and report back to Traffic Safety Council on Denna's monthly report to TSC.

Peter also mentioned that he spoke with the Principal and she has a concern that there is a small section on the roadway on the school side just south of the entrance driveway where parking/stopping is allowed. At school entry and dismissal times when vehicles are lined up waiting to access school property, if vehicles are parked there it impedes traffic flow on the street. She is wondering if it can be signed "No Stopping". If this is confusing, we would be happy to meet the Ops person you designate on site!

Thanks, Max. Happy Halloween!!

Subject: Kiss and Ride

Hi Dave,
Is there anyone with Mississauga Traffic Safety Council, or the Peel Police, that I could connect with re: some support with following Traffic laws? I am still experiencing issues with people pulling u-turns and being generally unsafe with respect to Kiss and Ride rules.
Many thanks,
Jenn
