I would like to communicate my family's concerns regarding the proposed roundabout for the intersection of Creditview Rd and Kenninghall. This change would cause a nightmare for pedestrians trying to navigate the area, in an already dangerous zone for pedestrians.

Also, very few drivers know how to correctly drive in a roundabout; we've seen it so many times, where drivers get confused and cross over lanes, etc as a short-cut. We have a high percentage of very poor drivers in our area as it is. Our family fears for the safety of this intersection as we all do a lot of walking as a family in that neighborhood.

Please log our concerns, as they represent the views of many of our neighbors. When discussing the roundabout, people react with a comment like " Oh, for heaven's sake! That's such a bad idea! What a disaster that would cause!"

Thanks very much for your time and consideration
