

Build Beautiful Stormwater Master Plan - Session 2 of 4

Infrastructure Planning &
Engineering Services

Muneef Ahmad
Manager, Stormwater Projects & Approvals

Presentation Overview

Previously discussed: Understanding Its Nature

1. Master Plan Framework
2. Celebrate Its Value

Stormwater Master Plan - *Framework*

Vision Statement:

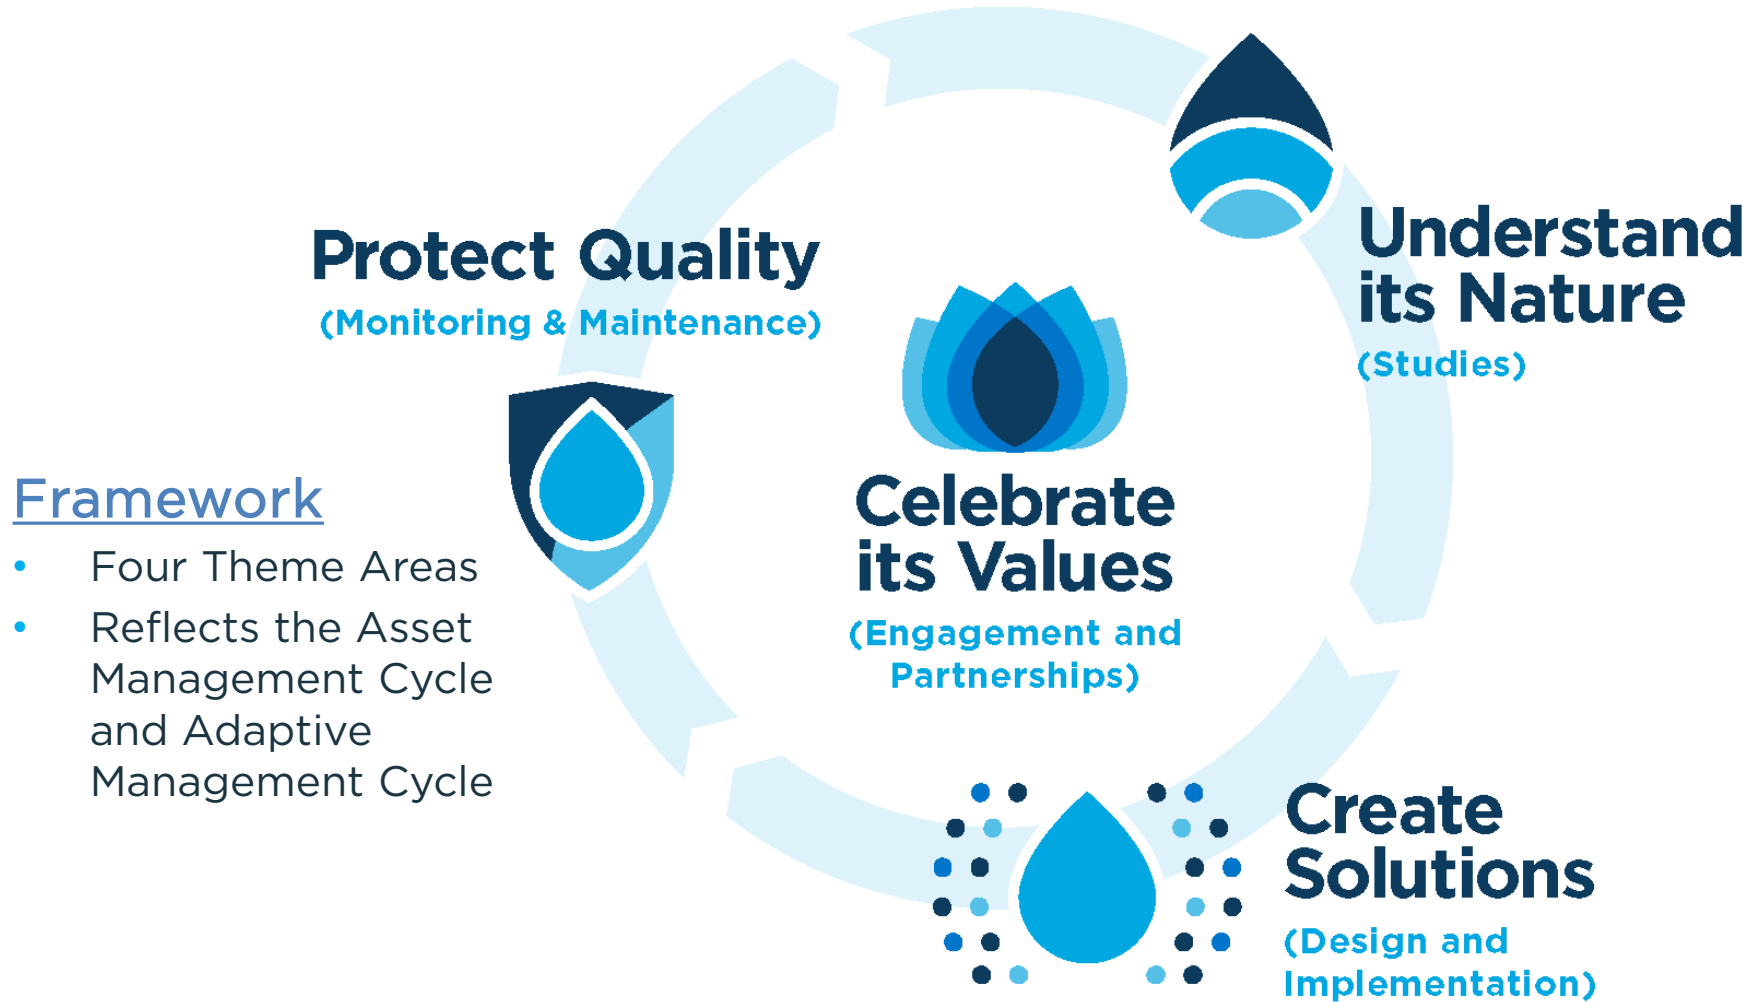

Build value in water resources through collaboration, to protect and enhance the quality of our built and natural environment.

Build Beautiful to connect to nature and our communities.

buildbeautiful
Stormwater Master Plan

Stormwater Master Plan - *Framework*

Celebrate Its Value - Overview

- Stormwater outreach includes two-way communication, providing an avenue for the public to receive information and provide feedback
- The City partners with the Region of Peel and Conservation Authorities on a variety of initiatives, such as the joint administration of programs for homeowner landscaping & children's activities

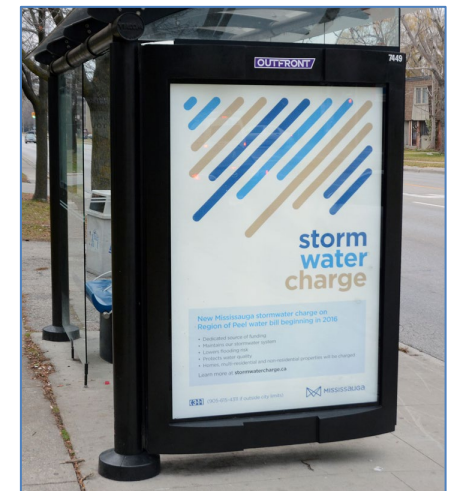

Stormwater Outreach – ArtWorkX

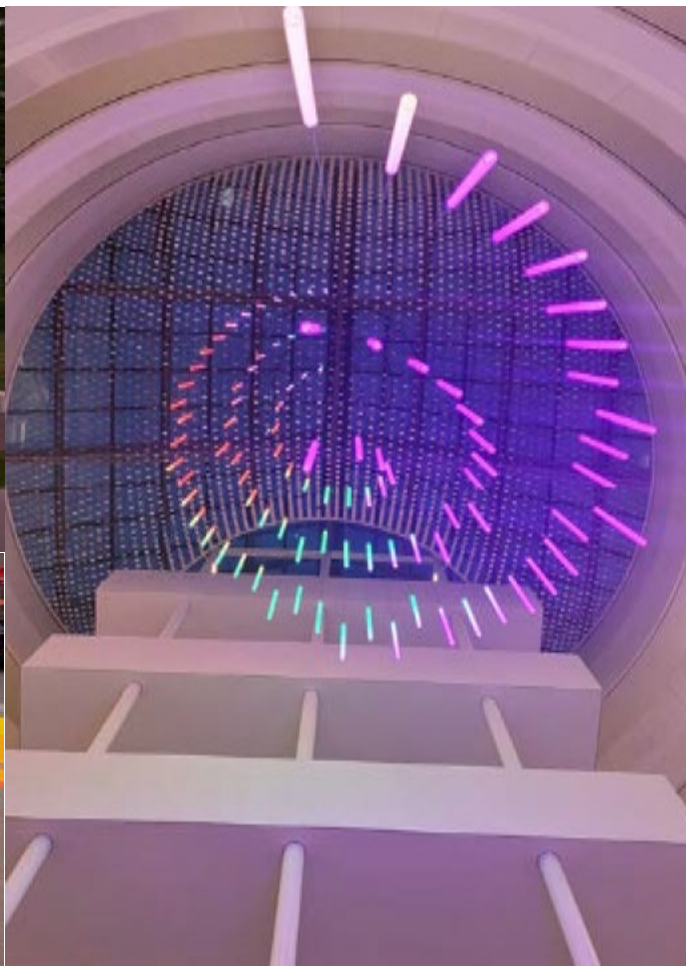

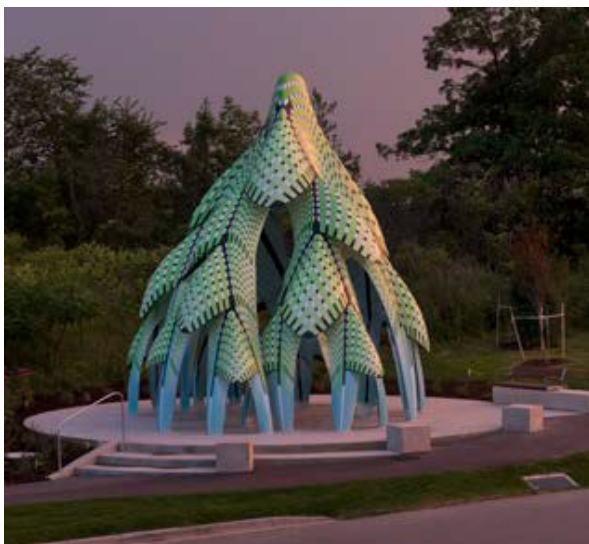

Stormwater Outreach – National Public Works Family Fun Day

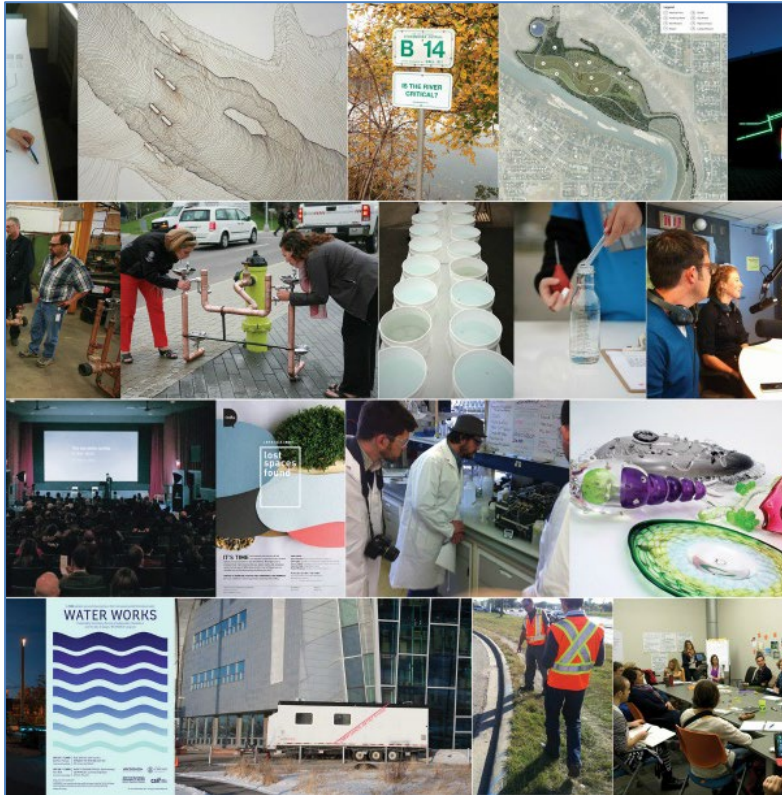

Stormwater Outreach – Messaging

Mississauga Public Art Program

Stormwater Artist-in-Residence

- 3 phase approach- Shadowing, Design, and Implementation
- Call to artists included the following goals:
 - Build value in water resources
 - Support the development of stormwater art
 - Inspire eco-friendly actions and attitudes regarding the protection of Mississauga's water resources
 - Educate residents on the importance of stormwater management

Protect Quality
(Monitoring & Maintenance)

**Understand
its Nature**
(Studies)

**Celebrate
its Values**
(Engagement and
Partnerships)

**Create
Solutions**
(Design and
Implementation)
