I am against banning fireworks but agree that it needs control.

I think fireworks should be banned unless put on by professional organization such as city for special holidays. Too many private home owners do not handle them responsibly. Fire hazard as well as hard for dogs with anxiety.

I fully support the ban on fireworks.

My family member is a former soldier and finds them very disturbing. They also terrify animals and birds out hunting at night.

Also, people have become irresponsible in their use and do not adhere to the date or time they can be used.

On May long weekend, they were going off for 5 nights well past 1: 00am. That is abuse of the privilege and no consideration of residence putting up with this night after night.

Again, I support fully banning fireworks.

Regards,
Catherine nash

Ban.

I feel there are some people who are not responsible, I think the city puts on a great show, people can go and watch them.

I would like to comment on the City's move to ban fireworks:

I grew up with fireworks and pyrotechnics of various kinds. I am old enough to have experimented with various ways to apply the seemingly instant energy and I am not proud to say sometimes in, not a responsible way.

The availability of some serious fireworks has greatly increased over time and the density of the population has also increased dramatically reducing the safe places where they can used. My observations as to the displayed responsibility level of the populace is as they would say "as low as a snake's belly in a wagon rut".

In my opinion it would be a wise move to ban the use of fireworks by anyone, other than for city approved events by licensed and insured technicians .

I do not agree with the banning of fireworks. All those that are purchasing must go through a 30 min free training course by the seller providing a certificate.

Do not ban fire works. They are beautiful for those who operate safely

Thank you
Sherle Pero

Stop the ban. Fireworks are a national tradition.

I WANT ALL FIREWORKS BANNED, BANNED BANNED!!!

I have a heart condition which could cause my heart to go into arrhythmia and stop, as a result of a sudden loud noise - prime for example, a loud explosion from fireworks. Whenever there is an occasion for fireworks (we also have neighbour who doesn't even need a reason), I am afraid to fall asleep. But in general, I cannot tolerate any unnecessary noise which disturbs the peaceful enjoyment of my property.

Is this what you are wasting money on?? Literally burning money which could be better used? Are fireworks a true necessity in life?? Most of us have more crucial life episodes to worry about, rather than fighting for this nonsense.

BAN FIREWORKS NOW and FOREVER!!!

I totally support fireworks ban. Totally disappointed that the city's opposing this ban. It's noisy, too many people lighting fireworks throughout the night keeping peace abiding citizens awake, frighten the animals and birds, etc. If the ban is lifted, I will definitely question our city council member in the next election.

I don't have any problems with fireworks, it's the time of day people are lighting them. Long past midnight or even 1 am . We hear them until 3 or 4 am here in south Mississauga . I don't like them being done in residential backyards with these big trees around.on my street they light them on the roads while cars are parking there. That I wish would stop. But I enjoy seeing people enjoying them where a professional is lighting them on Canada Day , safety first and away from the crowds.

Hi Angie,

I received a auto message that gave your contact info asking me to oppose the ban. On the contrary, I'm all for the ban. I live in Maton and the smoke has gotten thicker than any fog, I have ever saw here in 35+ years. The mess after is unbelievable. Matlon was a nice place, now it is overrun with too many people that do not respect the city or the people in it.

Colin

Kind Regards,

Colin
