The applicant requests the Committee to approve a minor variance to allow the creation of a new lot (5B Pine Avenue) proposing a lot frontage of 6.12m (approx. 20.08ft) whereas By-law 0225-2007, as amended, requires a minimum lot frontage of 6.80m (approx. 22.31ft) in this instance;

Background

Property Address: 5B Pine Avenue North

Mississauga Official Plan

Character Area: Port Credit Neighbourhood
Designation: Residential Low Density II

Zoning By-law 0225-2007

Zoning: RM7-5 (Residential)

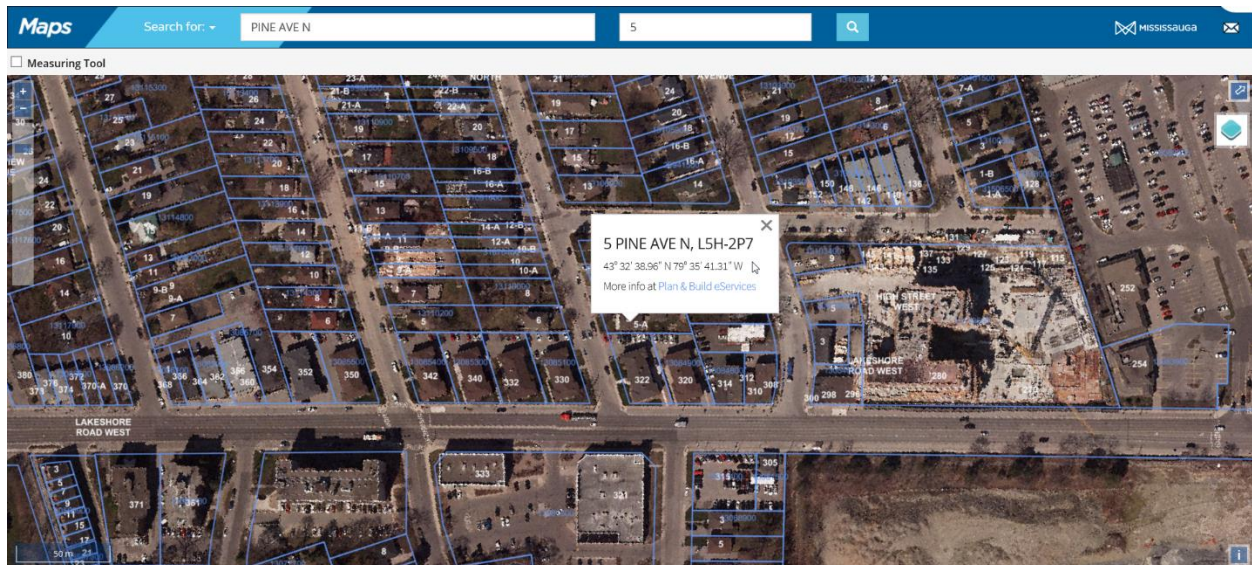

Other Applications

Building Permit: 20-2226

Site and Area Context

The subject property is located within the Port Credit Neighbourhood Character Area, west of Mississauga Road and Lakeshore Road West. Currently the subject property contains a detached dwelling and detached garage with little mature vegetation. The surrounding area includes a mix of residential uses, including detached, semi-detached and apartment dwellings with little mature vegetation. Commercial uses are also present along Lakeshore Road West.

The subject property previously received consent and minor variance approval for deficient lot frontages of 6.51 m and 6.44 m whereas 6.80 m is required on January 23rd, 2020. Through the zoning review, it was identified that the previously approved lot frontages were calculated incorrectly. As such, the applicant is proposing a lot frontage of 6.12 m for lot 5B.

Comments

Planning

Section 45 of the *Planning Act* provides the Committee of Adjustment with the authority to grant relief from the requirements of a municipal zoning by-law. Approval of applications must meet the requirements set out under 45(1) and/or 45(2) (a) or (b) in the *Planning Act*.

Staff comments concerning the application are as follows:

Planning staff had no objections through the previously approved consent and minor variance applications. Although the lot frontage has been reduced, it still remains compatible with the surrounding area and can accommodate the proposed design of the previously approved semi-detached dwelling. As such, staff is of the opinion that the application is appropriate to be handled through the minor variance process. Further, the application raises no concerns of a planning nature.

Conclusion

The Planning and Building Department recommends that the Committee have regard for all comments and evidence provided by the applicant and area residents when assessing if the application meets the requirements of Section 45 (1) of the Planning Act.
