Background

Section 27.3 of the *Ontario Heritage Act* states that structures or buildings on property listed on the City's Heritage Register cannot be removed or demolished without at least 60 days' notice to Council. This legislation allows time for Council to review the property's cultural heritage value to determine if the property merits designation.

Comments

The owner of the subject property has submitted a heritage application to demolish the existing detached dwelling. The subject property is listed on the City's Heritage Register as it forms part of the Mississauga Road Scenic Route, noted as one of the City's oldest and most picturesque thoroughfares. The Heritage Impact Assessment is attached as Appendix 1. The consultant states that the dwelling is not worthy of heritage designation. There are no development plans

for this property. The request to demolish is being brought forward due to the poor condition of the building and the safety concerns it poses to the community and University of Toronto Mississauga staff. The demolition of the dwelling will have no negative impact on the cultural landscape, therefore it should be approved.

Financial Impact

There is no financial impact resulting from the recommendation in this report.

Conclusion

The owner of 3300 Mississauga Road has requested permission to demolish a dwelling on a property listed on the City's Heritage Register. The applicant has submitted documentation, which does not support the buildings' merit for designation under the Ontario Heritage Act, and should therefore be approved.
