Subject: [EXTERNAL] Request to Proclaim Trillium Health Partners Week in Mississauga (May 4–10)

[CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.]

Dear Mayor Parrish,

On behalf of Trillium Health Partners, I am writing to request that the City of Mississauga proclaim the week of May 4–10, 2026 as Trillium Health Partners Week (THP Week).

At Trillium Health Partners, we are working toward a new kind of health care for a healthier community. Each day, Team THP comes together to deliver high-quality, compassionate care while partnering across the system to better meet the needs of our growing and diverse community.

This requested week aligns with our internal Better Together Week, where we recognize more than 200 team members through awards and celebrations across our hospital sites. It is an opportunity to celebrate the people behind Team THP and to reinforce our shared commitment to inspire and invest in a diverse team.

We understand that a similar proclamation was recently made by Mayor Olivia Chow in recognition of healthcare workers at University Health Network for UHN Week, and we would love the opportunity to see this reflected here in Mississauga in recognition of the extraordinary contributions of Team THP.

A City proclamation during this time would be a meaningful way to recognize the contributions of healthcare workers across Mississauga and the role they play in shaping a healthier community for all.

We would be pleased to work with your office to support this proclamation. Please see below proclamation from Mayor Chow.

Thank you for your consideration and for your continued leadership and support of health care in our community.

Saaliha Malik

Interim Manager, Communications and Public Affairs
Trillium Health Partners

OLIVIA CHOW
MAYOR

Proclamation

UHN Week

September 22 - 26, 2025

WHEREAS this week we celebrate the largest health network in Toronto, the University Health Network (UHN), and the over 44,000 members of Team UHN whose dedicated efforts have made the UHN a global leader in patient care, research and education.

Thank you to TeamUHN for delivering high quality and compassionate patient care and research, for driving innovation and training the next generation of health professionals to pursue UHN's mission to create a healthier world.

The City of Toronto is proud to acknowledge the valued contributions of organizations like the University Health Network that work hard to improve the health and well-being of Toronto's communities.

NOW THEREFORE, I, Mayor Olivia Chow, on behalf of Toronto City Council, do hereby proclaim **September 22 – 26, 2025** as "**University Health Network Week**" in the City of Toronto.
