Movie Nights Across Mississauga's Parks – Bring Neighbourhoods Together

Whereas: Mississauga has long had successful community movie nights at Port Credit, Celebration Square and Streetsville;

And Whereas: This initiative looks to bring animation to local parks that often would not get city programming;

And Whereas The goal is to build memorable shared experiences for people especially kids and help build positive communities;

And Whereas: Participating Ward Councillors would be encouraged to add to the experience providing Pre-Show entertainment, snacks, contacting groups that may want setup booths for the public and any additional advertising to local areas;

Therefore Be It Resolved: that Parks staff procure services for summer 2027 to look for a company that could provide the needed projection, sound and licensing necessary to have movie nights in local parks in conjunction with Councillor's offices with a goal of obtaining more favorable terms than single-event sourcing;

Be it further resolved that staff will support the events by: identifying multiple appropriate parks within each Ward for hosting the events; arranging for supplemental picnic tables, waste, recycling receptacles, and appropriate parks staffing to be available as needed during each event; arranging for a Curbex sign to advertise the event, each at no additional cost.

A handwritten signature in blue ink, appearing to read 'Joe Horneck'.
